METAGENICS

TAKING CONTROL OF YOUR DESTINY

Functional Medicine is a personalized model of medicine, that empowers patients and practitioners to achieve the highest expression of health, by working together, to address the underlying causes of disease.

Metagenics has been associated with Functional Medicine for over 30 years, bringing this model of medicine, helping people to obtain optimum health, by influencing their genetic potential through nutrition, through protocols, including research based medical foods and nutraceuticals, for the treatment and prevention of chronic disease. Our research-based medical foods, nutraceuticals, and turnkey programs help address each patient's unique health needs for a higher level of personalized, lifetime wellness care.

That's why so many healthcare providers worldwide trust Metagenics over any other professional brand.

TRIPLE GMP CERTIFIED | 30+ YEARS TRUSTED USE

Metagenics was founded in 1983 on a brave new scientific concept: how the right nutrition could help people realize their best health possible by influencing what makes them unique—their genes. Back then we called it “genetic potential through nutrition.” It also makes us unique—it's been our mission and a key differentiator ever since.

LEADING THE WAY IN IMPROVING YOUR PRACTICE

- Amipro is the leader in hosting International Practitioner seminars
- Amipro is aligned with Functional Medicine South Africa and The Institute of Functional Medicine, enabling the practitioner to reach the ultimate goal of becoming a Functional Medicine Practitioner.
- Functional Medicine Online Courses are offered to the practitioners in the form of monthly webinars and required readings - CPD accredited.
- Access to Doctors Data and The Great Plains Laboratory: Functional Testing from the USA, world leaders in providing functional testing options to aid in better patient outcomes.
- Informative local and International newsletters from our technical advisors.
- Amipro and Metagenics Nutritional Training Programs - helping practitioners implement appropriate protocols into their practices.
- The new Amipro Practitioner App - available on the **App and Play Store**

//PRODUCTS IN ALPHABETICAL ORDER

//GF - GLUTEN FREE; V - VEGETARIAN; DF - DAIRY FREE

A ACUTE PHASE Highly targeted nutritional support for patients who may benefit from muscle tissue support and minor pain relief. Featuring premium-grade proteolytic enzymes, targeted herbal extracts, and essential minerals, Acute Phase is the ideal nutritional component for the first three days of a healthcare practitioner-supervised acute care program. **9PCKTS GF**

ADRENOGEN Provides nutritional support for adrenal function by combining high quality nutrients that are involved in hormone regulation. Delivers a select blend of B vitamins involved in adrenal hormone production. Provides adrenal concentrate that is guaranteed raw (processed below 37°C) so the natural constituents remain intact. **90T GF**

ADRESET Standardized extracts of the adaptogenic herbs ginseng, rhodiola, and cordyceps targeting individuals who are “stressed and tired.” Aids the body in adapting to various stressful environmental challenges, helping to reduce the negative effects of stress. Provides overall stress protection, increased energy, restful sleep, enhanced mental clarity and perception. **60C V GF**

ADVACLEAR Unique support for balanced activity of the body’s detoxification processes. Promotes feelings of renewed vitality, energy, and well-being by supporting bifunctional detoxification and enhancing the activities of several hepatic detoxification enzymes while promoting balanced activity of the Phase I and Phase II detoxification pathways. Protects against free radicals generated during Phase I detoxification by featuring a variety of nutrients with potent antioxidant properties. **60C GF**

ANDROGRAPHIS PLUS A proprietary blend of Ayurvedic and Asian herbs designed to promote healthy immune function and aggressive immune support. Provides Andrographis paniculata for supporting upper respiratory, liver, and immune system health. **30T V GF**

ATTENCIA Scientifically formulated to promote attention and focus with a novel blend of targeted ingredients. This unique formula features the cognition-enhancing benefits of caffeine from phytonutrient-rich green coffee bean extract and guarana extract combined with theanine, essential fatty acids, and zinc to support alertness and cognitive performance. **60SG GF**

B **BIOPURE PROTEIN** A bioactive, pure whey protein concentrate with naturally occurring immunoglobulins (antibodies). Ideal nutritional support that promotes the activity level of the immune system and supports healthy, efficient intestinal function. **300G GF**

BLACK COHOSH PLUS Unique herbal formula for menopausal symptom support and relaxation. Features black cohosh, for relief of menopausal symptoms such as hot flushes and night sweats and provides lemon balm and motherwort, to ease tension and support relaxation. **60T V GF**

BLISPHORA Scientifically designed to support a healthy mood and methylation. Provides nutrients that play a role in the synthesis of neurotransmitters, such as serotonin and dopamine. Features clinically effective levels of SAME and body-ready folate and vitamin B12 **30T V GF**

C **CAL APATITE BONE BUILDER FORTE** Excellent bone support formula that provides extra MCHC (3,036 mg per serving). Supplies beneficial levels of vitamin D-nutrients essential for bone health. Provides a blend of bone-nourishing nutrients designed to be highly absorbable. **90C GF**

CAL APATITE BONE BUILDER PRIME Purity-Certified MCHC with Ipriflavone and Vitamin D to help maintain healthy bone density. Helps support healthy bone metabolism and helps to regulate calcium and phosphorus homeostasis in the body. **90T GF**

CAL APATITE BONE BUILDER WITH MAGNESIUM Purity-Certified MCHC with the addition of 300mg of magnesium per serving. Provides a 2:1 calcium to magnesium ratio. Provided as a blend of glycinate, citrate, and aspartate designed for enhanced absorption. **90T GF**

CANDIBACTIN-AR Blend of concentrated essential oils and herbal extracts from the aromatic mint family in a formula designed to support intestinal microbial balance and proper digestion. Helps encourage a healthy environment in the intestinal and respiratory tracts, supports healthy digestive function, and may provide indirect support for intestinal mucosal integrity. **60SG GF**

CANDIBACTIN-BR High quality extracts and crude herbs including berberine containing plants that support healthy immune and detoxification function. Encourages a healthy intestinal environment and supports detoxification function of the liver and gallbladder and promotes a balanced digestive tract. **90T V GF**

CENITOL Supports a healthy mood and overall nervous system function by featuring inositol; an important, naturally occurring component of cell membranes. Cenitol also supplies magnesium in the form of a fully reacted amino acid chelate designed for enhanced nervous system support. May help with PCOS management. **222G V GF**

CERALIN FORTE Provides well-rounded support for brain and nerve protection, addressing multiple pathways involved in neurological health. Supports healthy cognitive function, provides potent antioxidant protection for the central nervous system and supports a healthy life cycle of neurons and other cells. Helps maintain overall neurological health by supporting healthy mitochondrial function, methylation, homocysteine metabolism, and circulatory function. **90C GF**

CERIVA Supports healthy cognitive function by beneficially modulating acetylcholine, the primary neurotransmitter associated with cognitive function and the formation and consolidation of memories. Provides huperzine A for nerve cell protection against excitotoxic effects and other oxidative influences. Acting centrally within the brain, it features 5-methyl tetrahydrofolate, huperzine A, and alpha-tocotrienol which may be able to cross the bloodbrain barrier. **30T GF**

CHASTEBERRY PLUS Formula to help maintain menstrual and reproductive health in women throughout their childbearing years. Features chasteberry and black cohosh to help relieve premenstrual symptoms, ease menstrual cramps, and support reproductive health. **60T V GF**

CHONDROCARE Provides broad support for healthy joint function by featuring premium quality glucosamine sulfate, chondroitin sulfate, and methylsulfonyl methane (MSM) in addition to other nutrients that support healthy connective tissue. **120T GF**

PRODUCTS IN ALPHABETICAL ORDER

COLLAGENICS Comprehensive, proprietary blend of important vitamins, mineral amino acid chelates, free form amino acids, and other important nutrients that support connective tissue health. Provides targeted nutritional components known to be involved in the biochemical processes that support healthy connective tissue present in the skin, tendons, ligaments, cartilage, joints, and bones. **60T GF**

COQ10 ST-100 Stabilized, highly absorbable Coenzyme Q10 with natural vitamin E (d-alpha tocopherol and mixed tocopherols). CoQ10 ST-100 features 100 mg of stabilized, all natural encapsulation of coenzyme Q10 manufactured to achieve exquisite quality, purity and bioavailability. **60SG GF**

COQ10 ST-200 Stabilized, all natural encapsulation of coenzyme Q10 (CoQ10) manufactured specifically for stability, purity, and bioavailability. CoQ10 is a naturally occurring substance that is essential for energy production and is of particular importance in supporting cardiovascular health. CoQ10 has potent antioxidant properties and cell membrane stabilizing effects, and may help maintain healthy blood pressure already in the normal range. Also provides natural vitamin E. **60SG GF**

CORATIN Red yeast rice and a balanced combination of plant sterols that may support healthy lipid metabolism. Vitamin K2 has been added in specific forms for better utilization. **60T V GF**

CORTICO-B5B6 Nutritional support for adrenal hormone production and regulation. Supplies significant amounts of pantothenic acid and pyridoxine. Delivers a full spectrum of bioflavonoids that have potent antioxidant properties and support healthy capillary permeability. **60T V GF**

D3 1000 Bioactive vitamin D in micro-tablet delivery form, features high potency vitamin D3 1000 IU, the most bioactive form of supplemental vitamin D, which is important for maintaining healthy bone strength, neurological and immune function. **60T GF**

D3 2000 COMPLEX Delivers 2000 IU of the preferred form of vitamin D, as vitamin D3, in each tablet. The inclusion of isoflavones may help facilitate the body's utilization of vitamin D3 for enhanced health benefits. **90T GF**

D3 5000 Features 5000 IU of vitamin D3-the most bioavailable form of vitamin D to quickly replenish vitamin D status. Solubilized in oil for better absorption in the digestive tract. Available in easy-to-swallow softgels.

60SG/120SG GF

D3 LIQUID Provides vitamin D3 solubilized in oil to support absorption in the intestinal tract. Features a pleasant, natural mint flavour for improved patient compliance. Ideal for kids and those who prefer not to swallow tablets or capsules. 1000IU per drop. > 700 drops per container. **20ML GF**

E COMPLEX-1:1 Natural vitamin E supplement that features a 1:1 ratio of alpha - to gamma-tocopherol. Helps maintain cardiovascular health, supports prostate health, nervous system health, and healthy skin. **60SG GF**

E-400 SELENIUM Features selenium and natural-source vitamin E. Offers antioxidant protection to fatty acids and cholesterol circulating in the bloodstream. Delivers an especially powerful combination of nutrients that help protect tissues against oxidative damage. Features selenium, a trace mineral that functions in the body as a component of the antioxidant enzyme glutathione peroxidase. **60T V GF**

EC MATRIX Supports healthy connective tissues by supporting the extracellular matrix, a key structural component of connective tissues such as tendons, ligaments, and cartilage. Features berberine and tetrahydro iso-alpha acids (THIAA), which have been shown to influence MMP-13, an enzyme involved in the maintenance of connective tissue structure. **90T V GF**

ECHINACEA SYNERGY Botanical blend of extracts to support respiratory function and general immunity. Provides a blend of perilla, licorice, and ginger, to alleviate congestion, support healthy mucus secretion, and and promote healthy breathing. **60T GF**

ENDEFEN Nutritionally supports the overall health and function of the upper gastrointestinal (GI) tract. Supports the integrity of the gastric lining by promoting the growth of gastric mucosal cells. Promotes the thickness and strength of the protective gastric mucin layer. Selectively promotes Bifidobacterium and Lactobacillus acidophilus growth to support balanced, healthy flora. **420G GF**

ENDURA A patented rehydration drink mix with a unique blend of electrolyte minerals that are found in muscle cells. Provides carbohydrates as glucose polymers and fructose, delivered in a balanced blend to delay the onset of fatigue. Delivers key electrolytes to help replace those excreted through sweat, during exercise, activity, and/or hot weather conditions. High concentration of magnesium, essential for cellular energy, metabolism & glucose homeostasis. Orange/Lemon-Lime. **665G V GF**

ESSENTIAL DEFENSE Traditional Chinese formula used to promote healthy immune function and select herbs traditionally used to “clear heat” and soothe the throat. Powerful first-line approach. **30T V GF**

ESTRIUM Low allergy potential, powdered medical food to promote optimal hormone balance. Features fortified rice protein, natural phytoestrogens, antioxidants, and fibre to support healthy estrogen metabolism and healthy hormone cycles. **644G GF**

ESTROFACTORS Healthy hormone balance with targeted nutrients that support healthy estrogen metabolism and detoxification. Relief for women with hormone related health issues & premenstrual syndrome, perimenopause, and menopause. Helps modulate pathways of estrogen metabolism, the conversion of estradiol to 2-hydroxyestrone that may protect estrogen-sensitive tissues. A blend of active folates, vitamin A, D, E, B6, B12, TMG, chrysin, isoflavones and kudzu root, turmeric, rosemary, resveratrol. **90T GF**

ESTROVERA Natural option demonstrated in clinical studies to significantly reduce menopausal hot flashes compared to placebo. These results are comparable to hormone therapies. Clinically demonstrated to relieve a wide range of other menopausal symptoms including: sleep disturbances, poor mood, irritability, and anxiety; physical and emotional exhaustion. **30T V GF**

EXHILARIN Ayurvedic herbs used to relieve stress, and to help maintain mental acuity and support overall well-being. Promotes healthy nervous system function and optimal energy levels. Assists the body's natural ability to adapt to stressful environmental conditions. **60T V GF**

F FEM PREMENSTRUAL Chinese herbal formula for premenstrual support, liver involvement in hormone metabolism and balance, and the adrenal glands adaptive response. Supports metabolic pathways involved in hormone metabolism, muscular contraction and relaxation. Contains xiao yao san, vitamin C, B6, pantothenic acid, taurine, magnesium, choline, bupleurum, chinese peony root, dong quai root, ginger rhizome, chinese licorice, chinese mint, Bai zhu atractylodes. **60T V GF**

FENUGREEK PLUS Features concentrates of fenugreek, gymnema, and bitter melon, three highly valued herbs that support blood glucose homeostasis. Modulates intestinal glucose uptake. Supports healthy blood lipid levels and triglycerides. **60C GF**

FIBROPLEX Provides nutritional support for energy metabolism and neuromuscular function. Provides bioavailable, well-tolerated magnesium in the form of a patented amino acid chelate. **120T V GF**

FOLAPRO Provides L-5MTHF (L-5-methyl tetrahydrofolate), a metabolically active form of folate, helping to ensure all of the critical benefits of folate nutrition are realized. Requires no additional metabolic steps to be utilized by the body, making it a preferred choice for many individuals. **60T / 120T V GF**

G GINKGO ROSE Supports healthy brain function by combining Ginkgo biloba with an extract of rosemary leaf. Supports memory, alertness, and mental sharpness. Promotes healthy cerebral circulation, which is important for the delivery of oxygen and vital nutrients. **60T V GF**

GI SUSTAIN Medical food designed to nutritionally support patients with leaky gut syndrome. Features specially processed rice protein, augmented with essential amino acids to increase the biological value of the protein. Fortified with nutrients such as zinc gluconate, L-glutamine, and pantothenic acid to nutritionally support gastrointestinal mucosa integrity. Provides fructooligosaccharides (FOS) and inulin to support the growth of “friendly” intestinal bacteria. **400G / 840G / 1,2KG GF**

PRODUCTS IN ALPHABETICAL ORDER

GLUTACLEAR Blend of key ingredients including N Acetylcysteine designed to help boost the body's production of glutathione, a primary antioxidant throughout the entire body. Glutathione plays an important role in protecting the body against oxidative stress and detoxifying harmful compounds. **60T / 120T GF**

GLUTAGENICS Three key ingredients glutamine, deglycyrrhizinized licorice (DGL), and aloe vera supports the integrity and optimal function of the gastrointestinal lining essential for healthy digestion, immune function, liver function, and overall health. A source of fuel and precursors for growth to the rapidly dividing cells of the intestinal lining. **250G V GF**

GLYCOGENICS Advanced balanced B-complex formula that features a blend of B vitamins and complementary nutrients. Promotes healthy homocysteine metabolism, energy levels, and a healthy stress response. **60T V GF**

H **HEMAGENICS** Highly specialized hematinic formula comprised of iron designed to be highly absorbable, succinic acid, glycine, folic acid, and vitamins B6 and B12. Supports the formation and maintenance of healthy red blood cells. Provides iron as a mineral amino acid chelate designed to be non-constipating and features L-5-methyl tetrahydrofolate. **60T V GF**

HERSYNERGY Formulated to improve libido in women with a special, concentrated extract of fenugreek, which may support multiple key markers of sexual function and arousal. This novel formula also supplies targeted vitamins and minerals to help address estrogen metabolism and other issues related to libido, such as mood and stress. **60T V GF**

HISSYNERGY Ayurvedic herbal support for healthy male sexual function, vitality, stamina and positive mood. Tribulus fruit, ashwagandha root, cowage seed. **60T V GF**

I **IMMUCORE** Multiple mechanistic approach to support healthy immune system function through enhancing activities of macrophages, natural killer cells, and T cell subsets. Offers a three pronged approach to wellness with Ultra Potent-C combined with zinc and a concentrated blend of mushroom extracts. Ideal for long-term immune protection. **30T / 90T GF**

INFLAVONOID INTENSIVE CARE Standardized herbal relief for minor pain and muscle tissue support. Features an extract of boswellia, as well as turmeric and ginger; to help support following intense exercise or “weekend warrior” syndrome. **90T V GF**

INSINASE Selective kinase response modulators (SKRMs), RIAA and acacia, clinically shown to improve fasting insulin and lipid parameters. SKRMs modulate kinase signaling (within cells) in favour of healthy insulin function and blood sugar transport. **90T V GF**

INTRINSI B12/FOLATE Provides vitamin B12 and folates in combination with intrinsic factor for enhanced absorption and assimilation. Supports healthy cardiovascular and nervous system function as well as enhancing energy. **60T GF**

KAPREX Provides a safer option for effective joint relief. This proprietary combination of selected plant components influences kinase signaling and the formation of certain substances that are associated with minor pain. Clinical testing suggests that Kaprex may offer a high degree of predicted cardiovascular, gastric, renal and liver safety. Modulates prostaglandin E2 (PGE2) production at specific target cells. Features SKRMs as THIAA to modulate kinase activity. **60SG GF**

KAPREX AI Selective Kinase Response Modulators for balanced immune function. Targets underlying issues such as eicosanoid, cytokine, white blood cell activity, and vitamin D levels that have been associated with minor pain and immune system response. Provides an exclusive Selective Kinase Response Modulator (SKRM) derived from hops reduced iso-alpha acids (RIAA) to support healthy immune function. **90SG GF**

L-CARNITINE WITH CHROMIUM Blend of two nutrients that play important roles in the metabolism of fat. L-Carnitine is required for the break-down of fats into energy, while chromium supports healthy glucose metabolism. **30T V GF**

LICORICE PLUS Herbal adrenal support formula for individuals who are “burned out and exhausted.” Standardized extracts of licorice and ashwagandha combined with rehmannia and Chinese yam. Supports proper adrenal function, associated with a healthy physiological response to stress. Licorice promotes longevity, vitality, respiratory function, and healthy immunity. **60T V GF**

LIPO-GEN A lipotropic formula that features a broad-spectrum and unique blend of lipotropic nutrients combined with select amino acids, vitamins, and herbs to support healthy liver and gallbladder function. Provides nutrients involved in fat metabolism, including inositol, choline, and taurine. Delivers methyl donors, folic acid, vitamins B6 and B12, and select herbs that supports bile flow and healthy liver function. **90T V GF**

M MAG CITRATE Blend of magnesium citrate and calcium citrate that nutritionally supports musculoskeletal health. Supports normal muscle contraction and relaxation responses during rest or vigorous activity, and may help to prevent nocturnal leg muscle cramps. Supports healthy bone structure. **120T V GF**

MAG GLYCINATE Magnesium plus an amino acid chelate designed to enhance absorption and intestinal tolerance of magnesium. Supports proper ATP (energy) production and plays important roles in biosynthesis, growth, and thermo-genesis, as well as in bone mineralization and intestinal motility. Supports muscle relaxation and nerve transmission and may help to prevent nocturnal leg muscle cramps.

60T / 120T V GF

META I 3 C Indole-3-carbinol (I3C) promotes healthy estrogen metabolism and estrogenic activity. Supports the health of estrogen-sensitive tissues by promoting the formation of the beneficial estrogen metabolite, 2-hydroxyestrone. Supports the detoxification of estrogens, other steroid hormones, and xenoestrogens by enhancing the activity of enzymes involved in their metabolism and excretion. May be especially beneficial for women with estrogen-related health concerns. **60C V GF**

META LIPOATE 300 Premium-grade preparation of alpha-lipoic acid (ALA). Provides antioxidant activity in both aqueous and fatty regions of the cell, crosses the blood brain barrier, extends the functional capacities of vitamins C and E and coenzyme Q10, promotes accelerated glutathione synthesis, and directly scavenges free radicals. Supports glucose transport, metabolism, and utilization, which may promote healthy glucose clearance from the bloodstream. **60T V GF**

METAGLYCEMX Features a unique combination of green tea extract, cinnamon, and alpha-lipoic acid, nutrients that support healthy insulin metabolism when used as part of a healthy diet for maintaining healthy blood sugar levels already in the normal range **60T GF**

METALLOCLEAR Support for heavy metal metabolism. Naturally enhances the body's clearance of specific heavy metals that can negatively impact health and vitality. Upregulates the genetic expression of metallothionein, an important protein that binds to metals in cells and facilitates their elimination. Supports the metabolism of specific heavy metals, but does not facilitate the excretion of certain healthful minerals such as calcium, magnesium, selenium, and zinc. **180T V GF**

META-SITOSTEROL 2.0 Naturally derived vegetable preparation featuring plant sterols. Helps to maintain healthy blood cholesterol levels already within a normal range. Provides a balanced concentrate of plant sterols for optimal activity and effectiveness. Provides L-5-MTHF, a metabolically active form of folate, to support healthy homocysteine metabolism and cardiovascular health. **90T V GF**

MG/K ASPARTATE Magnesium and potassium in the form of true mineral aspartates designed to enhance absorption. Magnesium and potassium play important roles in normal growth, development, and energy (ATP) production. **60T V GF**

MITOVIVE Supports healthy functioning of mitochondria—the powerhouses of the cell—and overall cell activity to help relieve muscle discomfort and promote soft tissue health. Features targeted amino acids (i.e. L-carnitine, taurine), magnesium, and other nutrients in an easy-to-use, powdered delivery form. **480G V GF**

PRODUCTS IN ALPHABETICAL ORDER

MULTIGENICS A comprehensive multiple vitamin and mineral formula suitable for adolescents, adults, and seniors that provides an essential, comprehensive foundation for optimal health. Supplies high potency, balanced B vitamins with extra B12 for healthy methylation and homocysteine metabolism. Provides broad-spectrum antioxidant protection. Features mineral amino acid chelates designed for mineral absorption. Provides a 2:1 ratio of calcium to magnesium for balanced bone support. Delivers select nutrients to support liver and adrenal function. **90T GF**

MULTIGENICS CHEWABLE Multi vitamin and mineral supplement with excellent nutrient bioavailability for children or those who prefer a chewable tablet, delivering highly absorbable amino acid chelates, ratio-balanced B vitamins, and antioxidant protection quercetin, alpha- carotene, cryptoxanthin, zeaxanthin, lutein, and malic acid. **90 CHEW T GF**

MULTIGENICS WITHOUT IRON Same comprehensive multiple vitamin and mineral formula as Multigenics, but without added iron. This formula is designed for individuals who may already be receiving adequate levels of dietary iron. **90T GF**

MYOCALM Provides bioavailable forms of magnesium and calcium blended with passionflower and valerian root extract that are involved in muscular contraction and relaxation responses. May help relieve minor muscle pain associated with stress or physical exertion, and may prevent nocturnal leg muscle cramps. **60T V GF**

MYOCALM P.M. Night-time muscle relaxation formula. Promotes muscle relaxation and may help relieve minor pain associated with muscle tension, which can be caused by stress or physical overexertion. Promotes a feeling of calm, and can be taken at bedtime for occasional sleeplessness. **60T V GF**

N **NIATAIN** Support for Healthy Lipid Metabolism. High quality form of extended release nicotinic acid designed to reduce the flushing normally associated with niacin intake. Complements lifestyle recommendations to support overall cardiovascular health. **60T V GF**

NUSERA Relief for Stressful Moments. Great-tasting, chocolate chewable to help promote a feeling of calmness and relaxation during times of stress. **30 CHEW T GF**

NUTRAGEMS COQ10 300 Features 300 mg of emulsified CoQ10, a naturally occurring substance essential for energy production and is of particular importance in supporting cardiovascular health. It also has potent antioxidant properties and cell membrane stabilizing effects. Features an advanced, emulsified delivery form designed for enhanced absorption. **30 CHEW GELS GF**

OMEGAGENICS DHA 900 Features a concentrated, purified source of pharmaceutical-grade omega-3 fatty acids from sustainably sourced, cold-water fish. Each softgel provides a total of 900 mg DHA in triglyceride form for easy absorption. **60SG GF**

OMEGAGENICS DHA CHILDRENS Health-promoting, sustainably sourced omega-3 essential fatty acids to help support eye and brain health. Natural tutti-frutti flavoured chewable softgels. **120SG GF**

OMEGAGENICS EPA 1200 Features a concentrated, purified source of pharmaceutical-grade omega-3 fatty acids from sustainably sourced, cold-water fish. Each softgel provides 1200 mg of EPA. **120SG GF**

OMEGAGENICS EPA 500 CONCENTRATE Highly concentrated source of health-promoting omega-3 essential fatty acids from cold-water fish. Each softgel provides a total of 500 mg of concentrated EPA per softgel to support gastrointestinal, cardiovascular, and joint health. **90SG GF**

OMEGAGENICS EPA-DHA 1200 Highly concentrated source of health-promoting omega-3 essential fatty acids from cold-water fish. Each teaspoon provides 1200 mg of concentrated EPA 600mg and DHA 600mg in a balanced ratio to support overall health. Triglyceride form for easy absorption. **206ML GF**

OMEGAGENICS EPA-DHA 2400 Highly concentrated source of health-promoting omega-3 essential fatty acids from cold-water fish. Each teaspoon provides 2400 mg of highly concentrated EPA 1410mg and DHA 990mg to support healthy blood lipids, cardiovascular health, a positive mood, and overall health.

150ML GF

OMEGAGENICS EPA-DHA 300 ALGAE Features a concentrated, purified, vegetarian source of pharmaceutical-grade omega-3 fatty acids from the microalgae *Schizochytrium* sp. Each softgel provides a sum of 300 mg EPA and DHA in triglyceride form for easy absorption. **60SGT V GF**

OMEGAGENICS EPA-DHA 500 ENTERIC COATED Highly concentrated source of health-promoting omega-3 essential fatty acids from cold-water fish. Two softgels provides a total of 600 mg of EPA and 400mg of DHA to support healthy blood lipids, cardiovascular health, a positive mood, and overall health. Reduces the likelihood of repeating (burping) in susceptible individuals. **60SG GF**

OMEGAGENICS EPA-DHA 720 Highly concentrated source of health-promoting omega-3 essential fatty acids from cold-water fish. Two softgels provides a total of 860mg of EPA and 580mg of DHA to support healthy blood lipids, cardiovascular health, a positive mood, and overall health. **30SG / 60SG / 120SG GF**

OMEGAGENICS EPA-DHA 750 Highly concentrated source of health-promoting omega-3 essential fatty acids from cold-water fish and sustainably sourced marine lipids. Two softgels provides a total of 750 mg of EPA and 750mg of DHA in a balanced ratio to support healthy blood lipids, cardiovascular health, a positive mood, and overall health. Triglyceride form for easy absorption. **60SG GF**

OMEGAGENICS GLA 240 Provides 240 mg of gamma-linolenic acid (GLA) per softgel from pure borage seed oil. GLA is a precursor to the prostaglandin E1 series, which play an important role in supporting cellular health and maintaining overall good health. **90SG GF**

OMEGAGENICS DHA 600 CONCENTRATE Health-promoting omega-3 fatty acids from sustainably sourced marine lipids. Each softgel provides a total of 600 mg of concentrated DHA per softgel to support vascular, cognitive, and eye health. **90SG GF**

OMEGAGENICS MEGA 10 A more complete omega formula for heart health. Delivers a powerful combination of pharmaceutical-grade omega-7 and omega-3 fatty acids to provide targeted, enhanced support for overall cardiovascular health. **60SG GF**

OMEGAGENICS SPM ACTIVE A revolutionary new nutritional product developed through advanced fractionation technology featuring standardized levels of SPMs (specialized pro-resolving mediators) found in fish oil. **60SG GF**

OSTEOVANTIV Designed to comfort sore joints and promote joint flexibility in healthy people following exercise. It features a clinically effective dose of UC-II, which has been shown in research to support joint health. OsteoVantiv also features a proprietary, enriched form of THIAA – a breakthrough ingredient for enhanced joint relief. **60T GF**

OSTERA Promotes healthy bone remodeling in postmenopausal women. Features berberine and selective kinase response modulators (SKRMs) derived from hops-reduced iso-alpha acids (RIAA)-which target metabolic processes related to bone health. Provides Vitamin K, a key vitamin in the metabolism of bone proteins crucial to bone integrity. Supplies Vitamin D, associated with bone formation and bone mineralization. **60T GF**

P**PERIMINE** Features a patented extract of perilla seed (*Perilla frutescens*), a unique herb traditionally used to promote healthy respiratory and immune function. Perilla seed extract provides a concentrated blend of biologically active flavonoids, including luteolin and rosmarinic acid. **60T V GF**

PHYTOGANIX Convenient, delicious way to get a diverse daily supply of phytonutrients from certified organic sources to support overall good health. Provides superfruits such as antioxidant-rich raspberries, blueberries, goji berries, and lingonberries, superfoods and herbs including spirulina, polyphenol-rich green tea, astragalus, and ginger, vitamin C-rich acerola extract, vegetables such as green cabbage, beets, carrots, and spinach, flaxseed powder and inulin. USDA certified organic. **150G V GF**

PHYTOMULTI Clinically tested, intelligent blend of highly-concentrated, full-spectrum phytonutrients to help you achieve your maximum health potential. Phytonutrient potential for cell protection and DNA stability, verified by sophisticated in vitro ORAC FN and Comet assays. Phytonutrients impact cell signaling to communicate healthy messages throughout the body. Enhanced with select bioactive plant compounds including lutein, zeaxanthin, lycopene, and resveratrol. Optimised with essential vitamins and minerals for multidimensional health support. Proprietary blend of 13 concentrated extracts and phytonutrients with scientifically tested biological activity. PhytoMulti recharges, nourishes, and defends your cells like no other foundation nutrition formula. **30T / 60T / 60C GF**

PHYTOMULTI WITH IRON Has the same unique formula as PhytoMulti, with added iron.
30T / 60T GF

PHYTOMULTI KIDS PhytoMulti Kids goes beyond basic wellness support with 16 vitamins and minerals combined with a proprietary combination of 9 fruit and vegetable powders and extracts. Designed to complement a healthy diet with a rainbow spectrum of phytonutrients to activate health potential like no other chewable foundation nutrition formula. **30T / 60T GF**

PROBIOPLEX INTENSIVE CARE Bioactive Immunoglobulins & Prebiotic Factors to support healthy intestinal immune activity. Supplies lactoferrin and lactoperoxidase, proteins that support intestinal health and friendly bacteria, such as lactobacilli and bifidobacteria. **150G GF**

PROTRYPSIN A proteolytic enzyme formula for supporting tissue health and regeneration. Provides premium grade chymotrypsin and trypsin enzymes that support tissue health and balanced eicosanoid synthesis. Independently assayed to ensure maximum enzyme potency with bromelain. **60T GF**

R**ENAGEN DTX** A blend of nutrients and traditional herbs to promote healthy kidney detoxification and protect against free radical damage. B vitamins designed to support cardiovascular health for individuals with signs of renal stress. **60C GF GF**

S SERENAGEN Herbal stress management formula targeting individuals who are “stressed and wired”. Expertly designed to help maintain equilibrium between body systems and promote a sense of inner calm. Provides herbal support for those who may be overworked, sleep too little, have exhausted physical reserves, and/or have difficulty resting. **60T / 120T V GF**

SINUPLEX Ephedra-free blend of vitamin C, quercetin, nettle root extract, bromelain, and N-acetylcysteine to support healthy sinus, nasal, lung, and respiratory function. May help support healthy eicosanoid synthesis. **120T GF**

SPECTRAZYME COMPLETE Provides digestive support with a non-GMO, broad spectrum of non-animal derived enzymes including acid stable lipase and three proteases that function in different pH ranges. This comprehensive enzyme complex is designed to support the healthy digestion of proteins, peptides, carbohydrates, fats, cellulose, maltose, lactose, and sucrose. **60C**

SPECTRAZYME GLUTEN DIGEST Targeted protease enzyme supplement that has been clinically shown to digest gluten proteins in humans, in vitro, and in a gastrointestinal model. This formula promotes the breakdown of gluten proteins in the stomach in order to support healthy digestion of wheat, barley, rye grains, and other gluten sources. It has also been clinically shown to digest gluten before it reaches the small intestine, which is key to supporting health outcomes. **90C V GF**

SPECTRAZYME METAGEST Betaine hydrochloride and the proteolytic enzyme pepsin, along with gentian root, a herbal bitter traditionally used to support healthy digestion. A supplemental source of hydrochloric acid for people who have a deficiency of stomach acid production (hypochlorhydria). **90T GF**

SPECTRAZYME PAN 9X Raw pancreas enzyme concentrate that helps promote healthy digestive function. Delivers protease activity that breaks down protein, amylase activity that breaks down carbohydrate, and lipase activity that breaks down fat. As a whole pancreas concentrate, it also supplies peptidases, nucleases, and elastases. **90T GF**

PRODUCTS IN ALPHABETICAL ORDER

SPECTRAZYME PAN 9X ES Comprehensive enzyme complex that helps promote healthy digestive function. Has twice the digestive enzyme strength of regular Spectrazyme Pan 9X. **90T GF**

T **TESTRALIN** Supports healthy testosterone and estrogen balance and helps maintain male reproductive health. Targets estrogen sensitive tissues by supporting the methylation and excretion of estrogen metabolites. Addresses prostate health by providing phytonutrients known to inhibit the conversion of testosterone to DHT (dihydrotestosterone). **60T GF**

THYROSOL Targeted nutrients and herbs that promote healthy thyroid function to improve body composition, energy levels, and cognitive function. Supports hormone metabolism negatively affected by stress and the conversion of (T4) to the more bioactive (T3). **60T GF**

TRANCOR Supports a sense of tranquility in those who may feel worried or nervous by beneficially modulating the balance between the calming influence of GABA and the excitatory effects of glutamate with NAC, green tea catechins, vitamin B6 and magnesium. **60C / 120C GF**

TRAN-Q Herbal formula to promote inner peace. Used to maintain a calm spirit, relax the body, and quiet the heart. Helps to promote normal relaxation and a sense of wellbeing. **50T V GF**

U **ULCINEX** Helps to relieve occasional heartburn and acid indigestion, settle an upset stomach, and act as a local antispasmodic. Nourishes and protects the mucosal layer of the stomach, thus supporting the health and function of this important protective barrier. **90T GF**

ULTRACARE FOR KIDS Medical Food specifically formulated for children with atopic disorders such as eczema, rhinitis, and allergy-responsive asthma. Features low-allergy potential rice protein for children with dairy, egg, gluten, corn protein, or soy protein sensitivities. **400G / 840G GF**

ULTRA CLA Stabilized, mixed-isomer conjugated linoleic acid (CLA) formula in triglyceride rather than free fatty acid form for enhanced stability. May help support healthy body composition. May support healthy glucose and insulin metabolism through its activation of PPAR alpha and PPAR gamma-potent insulin sensitizers.

60SG GF

ULTRACLEAR PLUS A patented, nutritionally fortified, low allergy medical food from rice protein. It is used as nutritional support for individuals as part of a metabolic clearing or detoxification program in the Remove phase of a 4R gastrointestinal support program. For patients with chronic fatigue, chemical and environmental sensitivities, fibromyalgia, alcohol and chemical dependency. Enriched levels of glycine, taurine and sulfate for normalization of liver detoxification pathways. Decaffeinated green tea to promote antioxidant effects.

400G / 860G/ 1.2KG GF

ULTRACLEAR PLUS PH Medical food providing the same clinically tested macro and micronutrient profile as UltraClear Plus, with added nutrients to enhance Phase II detoxification activity and promote the excretion of toxins through the kidneys. Delivered as a powdered beverage mix, UltraClear Plus pH enhances the excretion of toxins out of the body by promoting an alkaline urinary pH status with potassium citrate. **600G GF**

ULTRACLEAR RENEW Medical food formulated to provide specialized nutritional support from rice protein for patients with fibromyalgia and is designed for those who may benefit from additional nutritional support for hepatic detoxification function. Helps to address altered pain signaling and neuromuscular function associated with fibromyalgia. May induce the expression of metallothionein, an antioxidant protein associated with the body's detoxification of some heavy metals. **798G / 1,2KG GF**

ULTRAFLOA ACUTE CARE Targeted Relief for Acute Bowel Distress. Features *S. boulardii*, *B. Lactis* HN019, and *L. Rhamnosus* HN001 to support a healthy intestinal microbial balance and provide targeted relief for acute bowel distress including occasional loose stools. **30C V GF**

PRODUCTS IN ALPHABETICAL ORDER

ULTRAFLORA BABY Features a unique blend of probiotics: Bifidobacterium animalis ssp. lactis (BB-12) and Lactobacillus rhamnosus GG (LGG) to help maintain a healthy microbial balance. Convenient, easy-to-use dropper bottle. **5.65ML V GF**

ULTRAFLORA BALANCE Daily Immune Health & Digestive Support. Provides a dairy free base for a proprietary blend of highly viable, pure strains of L. acidophilus NCFM and B. lactis Bi-07 "friendly" bacteria that have been shown to support a healthy intestinal environment and immune health. 15 billion live organisms through date of expiration. **30C / 60C V GF DF**

ULTRAFLORA CHILDREN'S Provides a proprietary blend of highly viable, pure strains of L. acidophilus NCFM and B. lactis Bi-07 that have been clinically shown to support immune health. This delicious, naturally grape flavoured chewable formula contains 10 billion live organisms through date of expiration. **60T V GF DF**

ULTRAFLORA IB Enhanced potency probiotic formula designed to help relieve bowel irritation and related functional discomforts by promoting a healthy balance of intestinal microflora. Lactobacillus acidophilus NCFM and Bifidobacterium lactis. Helps support healthy intestinal motility. May help address abdominal discomfort, bloating, and cramping. Delivers a convenient, powerful dosage of over 60 billion colony forming units (CFUs) per capsule guaranteed to date of expiration. **30C V GF DF**

ULTRAFLORA IMMUNE BOOSTER Provides a blend of highly viable, pure strains of "friendly" bacteria that have been clinically shown to support nasal, sinus, and respiratory health. Features L. plantarum HEAL9 and L. paracasei 8700:2, a unique probiotic blend. **30C V GF DF**

ULTRAFLORA INTENSIVE CARE High potency, strain-identified probiotic formula with a dairy-free base designed to help relieve recurring minor gastrointestinal pain. Supports healthy intestinal mucosal barrier integrity and function. Beneficially influences levels of certain cytokines (e.g., IL-10, IL-6), which may contribute to reducing intestinal irritation. 18 billion live organisms through date of expiration. **60C V GF DF**

ULTRAFLORA RESTORE Clinically tested probiotic containing 4 different strains: Bifidobacterium lactis (Bi-07), Lactobacillus acidophilus (NCFM), Bifidobacterium lactis (BI-04), Lactobacillus paracasei (Lpc-37) of live bacteria to support healthy intestinal microbial stability and relief of loose stools. **30C V GF**

ULTRAFLORA SPECTRUM Provides multidimensional support for both the upper and lower GI tract for digestive and immune health. This concentrated formula supplies a proprietary blend of 7 beneficial probiotic strains including L. acidophilus NCFM, S. boulardii, B. Lactis Bi-07, B. Lactis BI-04, St. thermophilus, L. salivarius, and L. plantarum. 30 billion live organisms through date of expiration. **30C V GF DF**

ULTRAFLORA SYNERGY Provides a dairy-free base for a patented blend of highly viable, pure strains of L. acidophilus NCFM and B. lactis Bi-07 “friendly” bacteria that have been clinically shown to support a healthy intestinal environment and immune health. This formula also supplies the valuable Probio-Saccharide Prebiotic Factor (fructooligosaccharides) to promote the growth of beneficial bacteria. 15 billion live organisms through date of expiration. **50G V GF DF**

ULTRAFLORA WOMEN’S Unique blend of probiotics taken orally to help maintain a healthy vaginal microflora and support urogenital health. The safety and efficacy of this probiotic combination for women’s health is supported by laboratory research and clinical evaluation. **30C GF**

ULTRAINFLAMX Medical food that provides nutritional support for patients with inflammatory bowel disease: Ulcerative colitis, Crohn’s disease. Can be used as part of a comprehensive elimination, GI Restoration, or anti-inflammatory lifestyle program. Supports Phase II detoxification, gastrointestinal mucosa integrity, and reduction of damaging free-radical generation. Features a unique blend of vitamins, minerals, amino acids, bioflavonoids, and the phytonutrients rutin, curcuminoids, and quercetin to nutritionally support healthy essential fatty acid metabolism. Provides a low allergy potential rice protein concentrate that is augmented with essential amino acids for increased biological value. **400G / 728G / 1,2KG GF**

ULTRAINFLAMX NEW Medical food formulated to provide strategic macro- and micronutrient support for patients with compromised gut function resulting from inflammatory bowel disease, including ulcerative colitis and Crohn's disease. Provided in a proprietary, vegan pea/rice protein base, this formula addresses increased nutrient needs and potential deficiencies in these patients. It features CurQfen, a clinically studied, patented curcumin blend designed for greater bioavailability and more reliable clinical outcomes. It has been demonstrated to have up to 45.5 times more free curcuminoids in human plasma compared to standard curcumin extract. **400G / 728G / 1,2KG GF**

ULTRAINFLAMX PLUS 360° Medical food formulated to provide specialized nutritional support-including reduced iso-alpha acids (RIAA, from hops), L-glutamine, and easily digestible rice protein-for patients experiencing inflammation and pain associated with inflammatory bowel disease (IBD), such as Crohn's disease and ulcerative colitis. Features selective kinase response modulators (SKRMs) in the form of RIAA, which has been shown to beneficially influence the function of enzymes involved in inflammatory processes. RIAA has demonstrated potent antioxidant activity and research suggests that it may help improve overall redox status through influencing inflammation signaling molecules such as NF-κB, COX-2, and PGE2. **728G GF**

ULTRAINFLAMX PLUS 360° NEW Medical food formulated to provide strategic macro- and micronutrient support for patients with compromised gut function resulting from inflammatory bowel disease, including ulcerative colitis and Crohn's disease. Provided in a proprietary, vegan pea/ rice protein base, this formula addresses increased nutrient needs and potential deficiencies in these patients. This formula features CurQfen, a clinically studied, patented curcumin blend designed for greater bioavailability and more reliable clinical outcomes. It has been demonstrated to have up to 45.5 times more free curcuminoids in human plasma compared to standard curcumin extract. UltraInflamX Plus 360° also features XNT ProMatrix– a proprietary protein matrix technology designed to enhance the delivery of a high quality xanthohumol compound for increased bioavailability and stability. **616G GF**

ULTRAMEAL ADVANCED PROTEIN Provides support for the nutritional management of patients with sarcopenia. This advanced formula provides essential amino acids, including added leucine, to support the healthy aging of skeletal muscle and to help address sarcopenia, the age-associated loss of skeletal muscle mass. Each serving provides 20 g protein and amino acids, including 10 g of essential amino acids of which 5g are branched-chain amino acids. Combined with appropriate exercise, supplementation with essential amino acids especially of branched-chain amino acids, may help improve skeletal muscle mass. Dutch Chocolate, French Vanilla **644G GF**

ULTRAMEAL CARDIO 360 (PEA & RICE PROTEIN / SOY) Medical food formulated to provide specialized nutritional support within a nutritional management program for dyslipidemia by supplying a combination of phytosterols, bioavailable xanthohumol from hops (XNT ProMatrix), beneficial macronutrient profile, 5 g of fiber (including prebiotic isomalto-oligosaccharides), antioxidant nutrients (vitamins C and E), and a proprietary pea/rice protein base with added amino acids. As part of a heart healthy eating plan the addition of 1.8g/day of plant sterols/ stanols has been shown to lead to beneficial changes in LDL cholesterol in individuals with hypercholesterolemia. Chocolate / Vanilla / Pomegranate **504G GF**

ULTRAMEAL DAILY SUPPORT Nutritious Protein Drink with Powerful Phytonutrients and 25 Vitamins and Minerals. 15 g of a pea/rice protein blend containing a complete amino acid profile. 25 essential vitamins and minerals for comprehensive nutritional support. Chocolate / Mixed Berry **574G GF**

ULTRAMEAL ORIGINAL Medical food designed to nutritionally support the management of conditions associated with metabolic syndrome, including: Central obesity, Altered body composition and Insulin Resistance. Promotes the loss of body fat while helping to maintain lean muscle mass. Supports healthy heart function. Provides a heart-healthy source of optimal foundation nutrition with all essential vitamins and minerals. Vanilla / Strawberry **400G / 658G / 1,2KG GF**

PRODUCTS IN ALPHABETICAL ORDER

ULTRAMEAL PLUS 360° RICE Medical food formulated to provide specialized, multi-mechanistic nutritional support for patients with hypercholesterolemia by supplying a combination of acacia extract, reduced iso-alpha acids (RIAA), and plant sterols. In individuals with metabolic syndrome and high cholesterol, UltraMeal PLUS 360° RICE has been clinically shown to improve the following cardiovascular risk factors: Reduce total and LDL cholesterol levels, Increase HDL cholesterol (“good cholesterol”) levels, Lower systolic and diastolic blood pressure levels. Vanilla **798G GF**

ULTRAMEAL RICE Tasty, non-dairy, nutritionally fortified, powdered beverage mix from low allergy rice protein to support healthy body composition. The rice protein in UltraMeal Rice is provided via a patented process that ensures consistent quality, and is suitable for modified dietary elimination or gastrointestinal restoration programmes. For dairy or soy sensitive patients. Vanilla / Chocolate **400G / 728G / 1.2KG GF**

ULTRA POTENT-C 1000 Proprietary, patented vitamin C formula that features a unique blend of metabolites. Its buffered delivery system is designed to help prevent the potential stomach upset that is sometimes associated with high vitamin C intake. Ultra Potent-C 1000 supports healthy immune function by helping promote natural killer cell and white blood cell activity. **90T GF**

ULTRA POTENT-C CHEWABLE Exclusive, patented vitamin C formula in a great tasting natural Orange Blast flavor—that’s kid tested and approved! In addition to providing support for healthy immune function and antioxidant protection, vitamin C is essential for the production of collagen and connective tissue. One tablet of Ultra Potent-C Chewable provides the same amount of vitamin C found in four oranges. **90T GF**

ULTRA POTENT-C POWDER Proprietary, patented vitamin C formula that features a unique blend of metabolites designed to enhance the utilization of the preparation. Its buffered delivery system is designed to help prevent the potential stomach upset that is sometimes associated with high vitamin C intake. Ultra Potent-C Powder supports healthy immune function by helping promote natural killer cell and white blood cell activity. **226G GF**

ULTRA PROSTAGEN CONCENTRATE Designed to support prostate health. Features a potent, premium quality, standardized extract of saw palmetto, nettles root extract equivalent to 1,000 mg raw, dried, unprocessed herb, amino acids, vitamin B6, and zinc, 2 mg of lycopene and 200 IU of vitamin D.

60T GF

V **VENAPLEX** Supports healthy capillary integrity and permeability, venous tone, and circulatory function and may help prevent spider veins. Combines a premium quality, standardized extract of horse chestnut seed with rutin and a variety of targeted Ayurvedic herbs known for their positive effects on cardiovascular health. **60T V GF**

VESSEL CARE Maintains healthy homocysteine levels and promotes overall cardiovascular health. Optimal levels of folate, vitamins B12 and B6, trimethylglycine (TMG), and choline for enhanced methylation, plus intrinsic factor to promote absorption of B12. Helps to maintain normal cell growth and division in pregnancy. Supports neurotransmitter synthesis, such as dopamine and serotonin, thus promoting healthy mental function and mood. **60T GF**

W **WELLNESS ESSENTIALS** Personalized Nutrition for Overall Wellness. Formulated to support your nutritional needs to help you stay active and vital and maintain overall health. Each once-daily packet provides multifaceted health support:

- 1: PhytoMulti is the “smart multi” with essential nutrients and a proprietary blend of 13 concentrated extracts and phytonutrients to help protect cells and maintain DNA stability
2. D3 1000 features 1000 IU of vitamin D3 per tablet
- 3: OmegaGenics EPA - DHA 500 is a quality-guaranteed omega-3 fatty acid formula manufactured and third-party tested in Norway to ensure greater purity.

30 PCKTS GF

WELLNESS ESSENTIALS ACTIVE Personalized Nutrition with Targeted Joint Support. Formulated to target your unique nutritional needs to help you stay active and vital and maintain overall health. Each once-daily packet provides multifaceted health support

1: PhytoMulti is the “smart multi” with essential nutrients and a proprietary blend of 13 concentrated extracts and phytonutrients to help protect cells and maintain DNA stability

2: Kaprex provides a safer option for effective joint relief with a proprietary combination of selected plant components.

3: ChondroCare is a comprehensive formula designed to provide broad connective tissue support with glucosamine, chondroitin, methylsulfonylmethane (MSM), and other nutrients.

4: Glucosamine Sulfate 750 helps support healthy joints and other connective tissues by providing additional glucosamine, a naturally occurring compound in all connective tissues.

5: OmegaGenics EPA - DHA 500 is a quality-guaranteed omega-3 fatty acid formula providing third party tested pharmaceutical-grade omega-3 fatty acids to ensure greater purity. **30 PCKTS GF**

WELLNESS ESSENTIALS HEALTHY BALANCE Personalized Nutrition with Targeted Blood Sugar Support. Formulated to target your unique nutritional needs to help you maintain healthy blood sugar levels already in the normal range when taken as part of a healthy diet. Each once-daily packet provides a multifaceted health support

1: PhytoMulti is the “smart multi” with essential nutrients and a proprietary blend of 13 concentrated extracts and phytonutrients to help protect cells and maintain DNA stability

2: MetaGlycemX is a scientifically advanced formula to be used as nutritional support along with a healthy diet to help maintain healthy insulin and blood sugar levels already in the normal range.

3: Meta Lipoate 100 is a USP-grade preparation of alpha-lipoic acid (ALA) that delivers maximum effectiveness with an excellent safety profile.

4: OmegaGenics EPA - DHA 500 is a quality-guaranteed omega-3 fatty acid formula manufactured and third-party tested in Norway to ensure greater purity. **30 PCKTS GF**

WELLNESS ESSENTIALS MEN'S VITALITY Personalized Nutrition with Targeted Support for Men's Health. Enhance your vitality, libido, and overall wellness daily. Formulated to target your unique nutritional needs to support your masculine functions and maintain overall health. Each once-daily packet provides multifaceted health support

1: PhytoMulti is the “smart multi” with essential nutrients and a proprietary blend of concentrated extracts and phytonutrients to help protect cells and maintain DNA stability

2: HisSynergy provides premium nutritional support for healthy male sexual function, libido, stress resilience, and vitality.

3: Zinc A.G. is designed to be highly absorbable as a true amino chelate to help maintain prostate immune and male reproductive health.

4: OmegaGenics EPA - DHA 500 is a quality-guaranteed omega-3 fatty acid formula manufactured and third-party tested in Norway to ensure greater purity for heart health. **30 PCKTS GF**

WELLNESS ESSENTIALS PREGNANCY Personalized Nutrition with Targeted Support for Preconception through Nursing. Proper prenatal nutrition, including omega-3 fatty acids and folate, are critical to healthy fetal development and a smooth pregnancy. Formulated to provide comprehensive nutritional support—from the moment you make the decision to have a baby through nursing. Each once-daily packet provides:

1: Advanced Prenatal provides a science-based combination of vitamins and minerals, incorporating 1 mg of folate and an array of antioxidants that reflect the latest research in prenatal nutrition.

2: Choline, an essential nutrient, is provided for additional support based on current research.

3: OmegaGenics EPA - DHA 720 is a quality-guaranteed omega-3 fatty acid fish oil manufactured and third-party tested in Norway to ensure greater purity.

4: Calcium/Magnesium supports bone health and may also support muscle relaxation and help ease night time limb movement and pregnancy-associated leg cramps. **30 PCKTS GF**

WELLNESS ESSENTIALS WOMEN Enhance your heart health, bone health, and overall wellness daily. Formulated to target your unique nutritional needs to help you stay active and vital and maintain overall health. Each once-daily packet provides multifaceted health support

- 1: PhytoMulti with Iron is the “smart multi” with essential nutrients and a proprietary blend of 13 concentrated extracts and phytonutrients to help protect cells and maintain DNA stability
- 2: Cal Apatite Bone Builder Extra Strength goes beyond calcium with purity-tested MCHC
- 3: OmegaGenics EPA - DHA 500 is a quality-guaranteed omega-3 fatty acid formula manufactured and third-party tested to ensure greater purity. **30 PCKTS GF**

WELLNESS ESSENTIALS WOMENS PRIME Beginning in early menopause, your body needs extra support for energy metabolism, heart health, and bone health. Formulated to target your unique nutritional needs to help you stay active and vital and maintain overall health. Each once-daily packet provides multifaceted health support

- 1: PhytoMulti is the “smart multi” with essential nutrients and a proprietary blend of 13 concentrated extracts and phytonutrients to help protect cells and maintain DNA stability
- 2: Cal Apatite Bone Builder with Magnesium goes beyond calcium with purity-tested MCHC
- 3: Ostera, beneficially influences key markers of bone remodeling
- 4: OmegaGenics EPA - DHA 500 is a quality-guaranteed omega-3 fatty acid formula manufactured and third-party tested to ensure greater purity. **30 PCKTS GF**

ZINC A.G. Features a 100% nutrient-dense formula in that each of the active ingredients: zinc, arginine, and glycine play important and well-established physiologic roles. Promotes healthy immune and prostate function. Supports the enzymatic activity associated with energy metabolism, bone mineralization, and tissue synthesis. **60T V GF**

ZINC DRINK Convenient liquid zinc supplement that can be mixed with water or juice. Supports the enzymatic activity of over 100 enzymes associated with energy metabolism, protein synthesis, heme biosynthesis, carbon dioxide transport, and many other biochemical reactions. Supports the metabolism, function, and maintenance of skin, the pancreas, and male reproductive organs. Supports healthy immune activity, tissue synthesis, and the production and function of RNA and DNA. **140ML V GF**

ZINC TALLY A simple screening method for evaluating zinc status. By placing two teaspoons of Zinc Tally in the mouth, a lack of taste or a delayed taste perception suggests a possible zinc insufficiency. An immediate taste perception suggests zinc status may be adequate. Zinc Tally may also be taken as a supplement. **120ML V GF**

ZINLORI 75 A high potency, patented zinc-carnosine complex formulated to provide relief of gastric discomforts. Zinc-carnosine supports the healthy ecology, natural defenses, and integrity of the gastric mucosal lining. Relieves gastric discomforts such as occasional heartburn and indigestion, upset stomach, mild nausea, bloating, belching and burping. Promotes a healthy gastric bacterial balance. Provides antioxidant protection for gastric mucosal cells. **60T V GF**

// WE STRIVE TO OFFER EXCEPTIONAL NUTRITIONAL SUPPLEMENTS TO MEET YOUR HEALTH GOALS

THATS WHY WE FOLLOW STANDARDS FOR QUALITY, PURITY, SAFETY AND EFFECTIVENESS THAT FAR EXCEED INDUSTRY STANDARDS

ULTRAFLOA PROBIOTICS

SCIENTIFICALLY VALIDATED, HIGH POTENCY PROBIOTICS FOR BETTER PATIENT CARE

Personalized Formulas for Targeted Support

Not all probiotic strains are created equal. Specific strains can have very different effects on health. The UltraFlora line makes it easy to recommend targeted probiotic support with 11 distinct formulas to meet individual needs, such as:

- Digestive health support
- Immune health support
- Relief for minor GI pain
- Relief for acute GI distress
- Relief for recurring GI distress
- Feminine health support

Potency Guarantee

For reliable use, UltraFlora labels state potency per dose through date of expiration based on proper storage.

THE MEDICAL FOOD DISTINCTION IN HEALTHCARE APPROACHES

Medical Foods provide specific nutrients in therapeutic levels that otherwise are not available through ordinary diet to nutritionally manage a specific disease or condition.

Metagenics has been an industry leader in the formulation, manufacture, and testing of Medical Foods for over 20 years.

Medical Foods
Helping Reverse Chronic Health Conditions

- Are disease or condition specific
- Meet distinctive nutritional requirements for the condition that cannot be met by diet alone
- Are science based
- Have an established history of clinical use
- Are established beneficial through medical evaluation

THE VITAMIN D FAMILY

THE RIGHT VITAMIN D TO MEET YOUR NEEDS

The preferred vitamin D everyone needs for multifunctional health support

Metagenics uses only vitamin D3 (cholecalciferol) expertly formulated to the industry's highest standards to support multiple areas of health and well-being:

- Bone density
- Healthy muscle function
- Heart health
- Immune system health
- Overall health

Manufactured to the highest quality standards

- Third-party tested to guarantee potency and purity
- Triple GMP-certified manufacturing to assure quality

Complete line of vitamin D3 formulas designed for greater absorption.

- Varying dosages to meet individual needs.
- Liquid, tablet & softgel forms to meet personal preferences

Please consult our [Practitioner App](#) for formulations and dosages

ESSENTIAL FATTY ACIDS PERSONALIZED FORMULAS TO MEET YOUR INDIVIDUAL NEEDS

OmegaGenics represents the industry's most comprehensive professional line of omega oil formulas, with precision dosing and multiple delivery options to satisfy a broad range of health needs and personal preferences.

- General Support—formulas designed to help healthy patients achieve optimal levels of Omega-3 fatty acid recommendations
- Advanced Support—formulas designed to help patients conveniently achieve higher therapeutic dosing levels
- Targeted Support—formulas designed to target specific patient outcomes with high dose formulas of DHA, EPA, and GLA

The OmegaGenics Difference

For over 30 years, Metagenics has led the nutraceutical industry in research and quality to make natural approaches even safer and more effective. The OmegaGenics line of omega oils reflects a higher level of purity, safety, and quality for reliably effective use and for exceptional formulas you can trust to promote better health.

SPECIALIZED PRO-RESOLVING MEDIATORS SPM'S

Start the resolution with SPM Active, a new and exclusive formula from Metagenics

OmegaGenics SPM Active is a revolutionary new nutritional product developed through advanced fractionation technology featuring standardized levels of specialized pro-resolving mediators (17-HDHA and 18-HEPE) found in fish oil. SPMs play a key role in the resolution (i.e. completion) of an immune response, according to extensive preclinical research.

A breakthrough in tissue health and immune response support

- Supports cell health by aiding the response to oxidative stress and related cellular damage
- Supports healthy immune cell (i.e. macrophage) resolution-related activities
