

**Revolutionary  
NEW Formula!**

# EC Matrixx™

**The Next Generation  
in Connective Tissue Support♦**

## Advantages:

- ▶ Supports the health of the extracellular matrix (ECM), a key structural component of tendons, ligaments, and cartilage.♦
- ▶ Provides phytonutrients that have been shown in vitro to have an effect on MMP-13, an enzyme involved in the maintenance of connective tissue structure.♦
- ▶ Features THIAA and berberine, which have been shown to beneficially influence multiple processes related to connective tissues.♦
- ▶ Enhances mobility with as few as 3 tablets daily.♦

Give your patients a nutritional adjustment to enhance their movement—  
exclusively through Metagenics! ♦

# A Breakthrough in Support for Connective Tissues such as Tendons, Ligaments & Cartilage

Metagenics' breakthrough EC Matrixx formula is designed to target specific matrix metalloproteinase (MMP) enzymes associated with the health and integrity of connective tissues, such as the tendons, ligaments, and cartilage.\*

Connective tissue is composed of the ECM—a complex network of glycosaminoglycans and fibrous proteins—giving strength, support, and protection to other parts of the body, as well as binding body parts together.

Increasingly, the scientific community is learning the importance of the ECM to human health, particularly as the population ages and musculoskeletal concerns increase.

## Target the enzymes that support ECM health

MMPs are a family of enzymes that are thought to be responsible for the degradation of the collagen and cartilage components of the ECM.

## Emerging research reveals a revolutionary approach\*

Preliminary testing has shown the phytonutrients berberine and THIAA to have a positive influence on MMP-13, one of the specific MMP enzymes involved in the maintenance of connective tissue structure.\*

## Patients who may benefit from EC Matrixx\*

Musculoskeletal tissue health is important not only for older people but also manual workers and athletes. *You can help enhance their movement with new EC Matrixx!\**

### Formula

#### One Tablet Supplies:

Niacin (as niacinamide) .....	20 mg
Vitamin B <sub>6</sub> (as pyridoxine HCl) .....	2 mg
Folate (as folic acid) .....	80 mcg
Vitamin B <sub>12</sub> (as methylcobalamin) .....	83 mcg
Biotin .....	200 mcg
Zinc (as zinc citrate) .....	2 mg
Selenium .....	40 mcg
Tetrase™ .....	100 mg
(Tetrahydro-iso-alpha acids complex from hops) ( <i>Humulus lupulus L.</i> )	
Berberine HCl.....	100 mg

**Other Ingredients:** Microcrystalline cellulose, cellulose, stearic acid, silica, croscarmellose sodium, magnesium stearate, and coating (deionized water, microcrystalline cellulose, polyethelene glycol, and carrageenan).

**Recommendations:** Take two tablets initially, followed by one tablet three times per day as needed with food.

**Form:** 90 Tablet Bottle

**Serving Size:** 1 tablet
