

EC Matrixx

Support for Healthy Connective Tissue

EC Matrixx is designed to support the health of connective tissue by positively influencing the extracellular matrix, a key component of tendons, ligaments, and cartilage. This advanced, mechanism-specific formula features berberine and THIAA, which have been shown in laboratory research to influence MMP-13, an enzyme associated with the health of connective tissues.

Why EC Matrixx?

- Features berberine and tetrahydro iso-alpha acids (THIAA), which have been shown in laboratory research to influence MMP-13, an enzyme involved in the maintenance of connective tissue structure
- THIAA has also been shown to beneficially influence multiple cellular signaling processes related to connective tissue health
- Supports biochemical processes that influence the health of the extracellular matrix

Form: 90 Tablets
Serving Size: 1 Tablet

Ingredient:	Amount Per Serving
Niacin (as niacinamide)	20 mg
Vitamin B6 (as pyridoxine HCl)	2 mg
Folate (as calcium L-5-methyltetrahydrofolate)	80 mcg
Vitamin B12 (as methylcobalamin)	83 mcg
Biotin	200 mcg
Magnesium (as magnesium oxide)	12 mg
Zinc (as zinc citrate)	2 mg
Selenium (as selenomethionine)	40 mcg
Tetrahydro-iso-alpha acids complex [from hops (<i>Humulus lupulus</i> L.) cone extract]	100 mg
Berberine HCl (from <i>Phellodendron amurense</i> bark extract)	100 mg

Other Ingredients: Microcrystalline cellulose, maltodextrin, cellulose, stearic acid (vegetable), silica, calcium silicate, croscarmellose sodium, and coating (hypromellose, medium chain triglycerides, and hydroxypropylcellulose).

Directions: Take two tablets initially, followed by one tablet three times daily with food, or as recommended by your healthcare practitioner.

This product is non-GMO, gluten free and vegetarian.

Warning: Do not use if pregnant or nursing.

Caution: Consult your healthcare practitioner if taking other nutritional supplements or medications.
