

Immune Active

Featuring Quercetin, NAC, Zinc, EGCG, and Vitamin C

Immune Active™ provides high potency vitamin C and zinc and features quercetin, NAC, and EGCG to help support a healthy immune response and promote antioxidant processes.

Why Immune Active?

- Featuring 150 mg EGCG (as decaffeinated†† green tea leaf extract) per serving. EGCG is categorized as a flavonoid polyphenol, a compound typically found in plants. Polyphenols can help promote antioxidant processes in the body.
- NAC is a metabolite of the sulphur-containing amino acid cysteine. NAC stimulates the biosynthesis of glutathione, a key antioxidant produced in the body. Glutathione plays an important role in protecting the body against oxidative stress and supporting healthy liver detoxification processes.
- Quercetin is a polyphenolic flavonoid substance present in a variety of plant foods. Quercetin helps protect cells from harmful free radicals. Preclinical studies demonstrate that quercetin affects immunity by acting on leukocytes and other immune cells.

Form: 60 Capsules
Serving Size: 2 Capsules†

Ingredient	Amount Per Serving
Vitamin C (as ascorbic acid)	200 mg
Zinc (as zinc glycinate)	30 mg
N-Acetylcysteine	600 mg
Decaffeinated†† Green Tea (Camellia sinensis) Leaf Extract [standardized to 60% (225 mg) catechins and 40% (150 mg) epigallocatechin gallate (EGCG)]	375 mg
Quercetin	250 mg

Other Ingredients: Capsule† (hydroxypropylmethylcellulose), magnesium stearate (vegetable), and silica.

Directions: Take two (2) capsules daily or as directed by your healthcare practitioner.

This product is non-GMO and gluten-free.

Caution: If pregnant, nursing, or taking medications, consult your healthcare practitioner before use. Keep out of the reach of children.

† Vegetarian capsule
†† Contains no more than 4% caffeine.
