Metagenics

Kaprex AI

Selective Kinase Response Modulators for Balanced Immune Function

Kaprex AI targets underlying issues—such as eicosanoid, cytokine, white blood cell activity, and vitamin D levels—that have been associated with minor pain and a healthy immune system response. Healthy immune system function and eicosanoid balance are important to maintaining healthy tissues and organ systems in the body.

Why Kaprex AI?

- Provides selective kinase response modulators (SKRMs) derived from hops—reduced iso-alpha acids (RIAA)—to support healthy eicosanoid balance
- Features a specialized blend of vitamin D, zinc, and selenium for immune health support

Form: 90 Tablets
Serving Size: 1 Tablet

Ingredient:	Amount Per Serving
Vitamin D (as cholecalciferol)	500 IU
Zinc (as zinc citrate)	5 mg
Selenium (as selenomethionine)	50 mcg
Reduced Iso-Alpha Acids	225 mg

Other Ingredients: Microcrystalline cellulose, stearic acid (vegetable), calcium silicate, silica, magnesium stearate (vegetable), and coating (hypromellose, medium-chain triglycerides, and hydroxypropylcellulose).

Directions: Take one tablet three times daily with food, or as directed by your healthcare practitioner.

This product is non-GMO, gluten-free, and vegetarian.

Caution: Do not use if pregnant, nursing, or taking other medication. Consult your healthcare practitioner before use. Keep out of the reach of children.
