

SPM Active®

Specialized Pro-resolving Mediators

SPM Active® is designed to support the body's natural capacity to respond to physical challenges and resolve physical stress.

Why SPM Active?

- Research has indicated that the resolution of inflammation is an active process that requires specific nutrients
- SPMs are an important key to resolving inflammation and subsequently preventing chronic inflammatory conditions associated with aging
- With aging, there is a reduced ability for your body to produce sufficient SPMs. This is further influenced by lifestyle and dietary choices and health status
