

# UltraFlora BiomePro

Multistrain. Clinically effective doses.

**105 Billion CFU<sup>‡</sup>**

A growing body of scientific studies points to the many ways probiotics may benefit overall health, and it goes beyond just supporting gut function. Not all probiotic strains are created equal. Many probiotic formulas are not strain-identified—meaning they only list the genus and species on the bottle. However, only specific strains have been demonstrated to be clinically effective. It's a common myth that the higher the dose of a probiotic, the better the results. The fact is that the dose and the strain should be based on published scientific and clinical data.

## Why UltraFlora BiomePro?

- Features eight clinically studied probiotic strains to support gastrointestinal/GI health and immune health
- A daily formula offering multidimensional support for a healthy intestinal environment
- 105 billion CFU in one capsule
- CFU guaranteed through the end of expiration
- Shelf-stable packaging; no refrigeration required

**Form:** 30 Capsules  
**Serving Size:** 1 Capsule

Ingredient	Amount Per Serving
A proprietary multistrain probiotic blend of:	453.67 mg (105 billion CFU) <sup>††</sup>
<i>Lactobacillus acidophilus</i> NCFM <sup>†††</sup>	
<i>Lactobacillus rhamnosus</i> GG	
<i>Lactobacillus plantarum</i> Lp-115	
<i>Bifidobacterium lactis</i> BI-04	
<i>Bifidobacterium lactis</i> BI-07 <sup>†††</sup>	
<i>Lactobacillus paracasei</i> Lpc-37	
<i>Lactobacillus rhamnosus</i> HN001	
<i>Bifidobacterium lactis</i> HN019	

**Other Ingredients:** Microcrystalline cellulose, capsule (hydroxypropylmethylcellulose), magnesium stearate (vegetable), and silica.
